**PATIO DOOR SCREEN SOLUTIONS**

# High-Quality High-Performance Screens

## Frames & Hardware

Get the best in aesthetics and durability with our high-quality patio door profiles designed for small or large openings, including commercial and other highly demanding uses. Included with each frame are a number of standard and optional hardware additions that bring the complete patio door screen solution you're looking for to life.

### Rollers

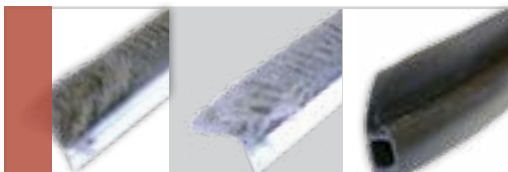

Ensure smooth operation with our innovative, adjustable roller systems available in both steel and nylon.

### Handles

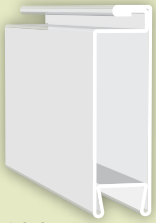

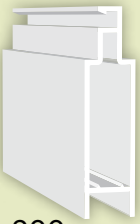

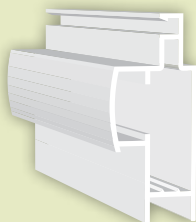

Add beauty and function with our ergonomic handles made with high-quality components that are built to inspire - and perform.

### Sealing

Prevent debris buildup and keep insects out with our woolpile and vinyl sealing systems that provide a neat, clean sight-line when installed.

	Frames	Standard	Optional

Ultimate			

Colors available in: White, Almond, Bronze, Adobe and Grey.

*\*Colors available are dependent on your location. Not all colors are available for all series options.*

# Screen Mesh Options

Quanex offers a complete selection of wire mesh screens, and fiberglass insect screens that have been the standard in the industry for decades. BetterVue® and UltraVue® are products that allow you to “see the view, not the screen.” Standard wire mesh screens come in black or gray. Fiberglass screens are offered in charcoal and silver gray, and for animal owners, pet mesh screens that can resist pet damage are available.

## UltraVue®

An innovative insect screen with a great view.

- 25% Better airflow
- 25% More optical clarity

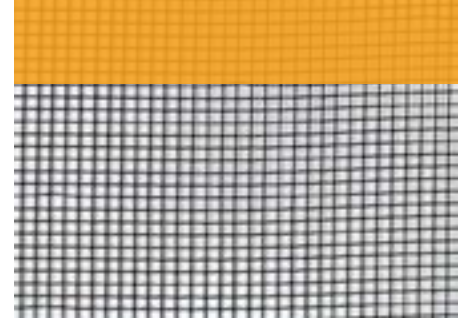

## BetterVue®

An innovative insect screen with a good view.

- 20% Better airflow
- 20% More optical clarity
- 10% Better insect protection

## Wire Mesh

Standard level of quality.

- Precision-woven and uniform-coated screen mesh
- Good ventilation and insect protection

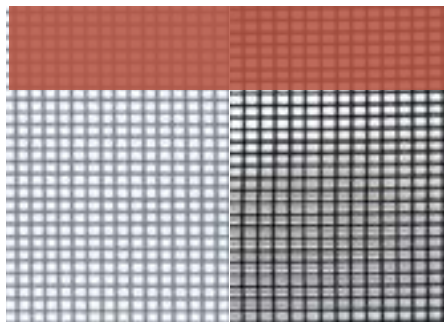

## Pet Mesh

Pet-resistant insect screens.

- Tear and puncture-resistant
- Ideal for use in high-traffic areas

## Fiberglass Silver Gray & Charcoal

Traditional fiberglass insect screen that is proven and reliable.

- Standard colors: charcoal and silver Gray
