SCREENS, OUTSOURCING,
SOLUTIONS

More Than a Screen

Many Parts Make Up the Whole

Screens are not your core product. But they are ours. Quanex Screen Outsourcing Solutions allow you to focus on the products that make you money while freeing up floor space, reducing labor, freeing up working capital to invest in other areas. Our high-quality extrusions and material selections give you the power to build the right solutions to meet and exceed your customers' expectations.

And with 24/7 operations at multiple nationwide screen production facilities, including our newest facility in Allentown, Pennsylvania, we will deliver quality products when and where you need them.

Selection

We offer a variety of sizes, aesthetics, meshes and performance capabilities, all manufactured from the highest quality components that meet the tightest tolerances and are built to last.

Labor

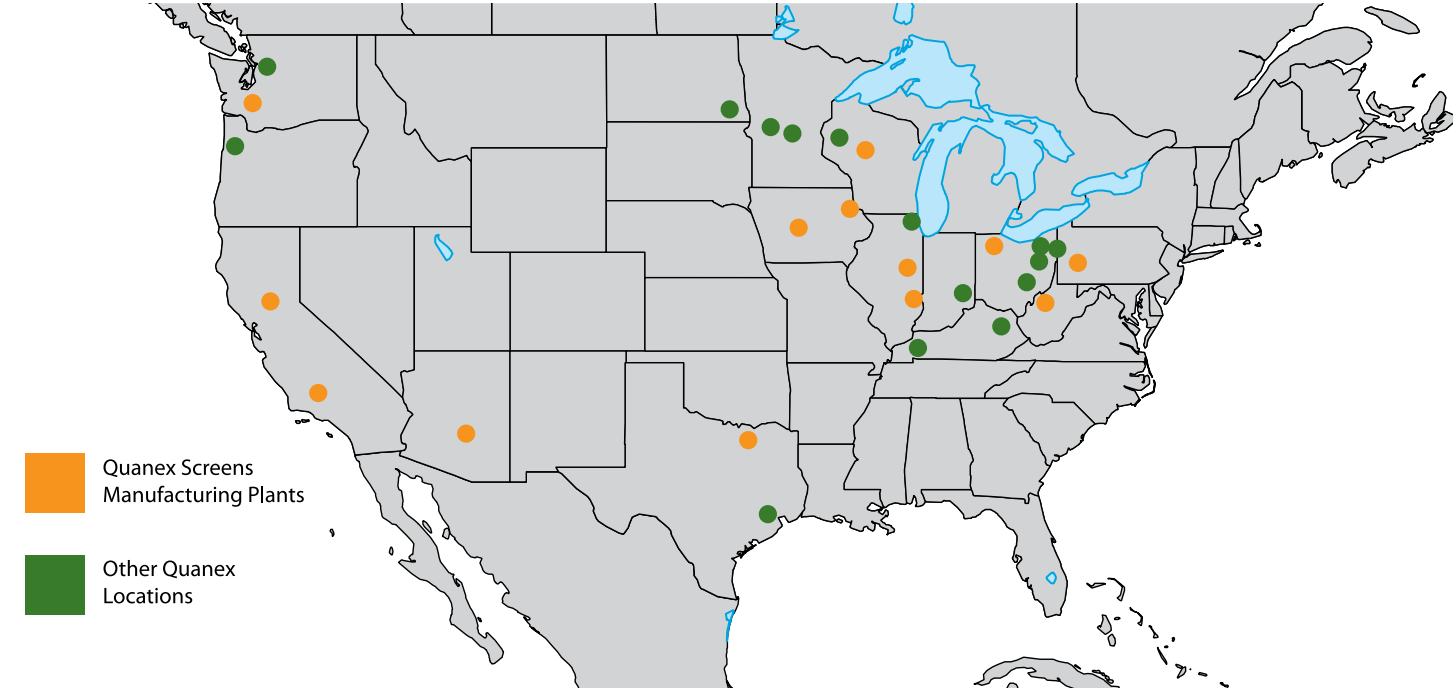

Reduce labor and associated costs by having Quanex build your screens for you, while enabling your most skilled employees to focus on making products that generate more revenue.

Storage

Reduce warehousing costs, delivery costs and lead times with screens shipping from our strategically located facilities in the Northeast and across the United States.

Here and Across the Nation

24 Hour Quoting and Delivery & Regional Support

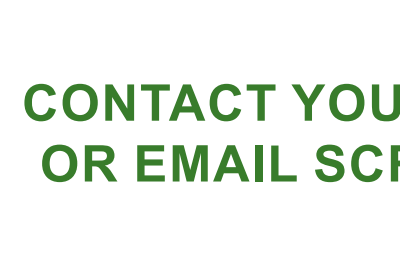

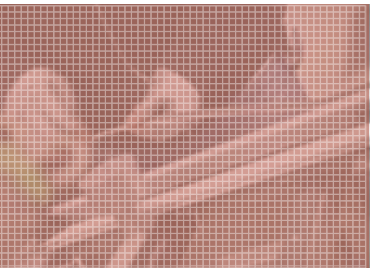

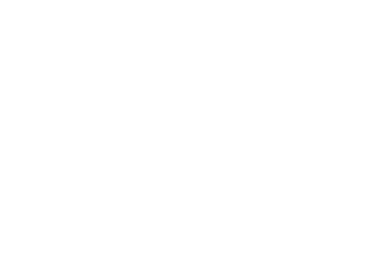

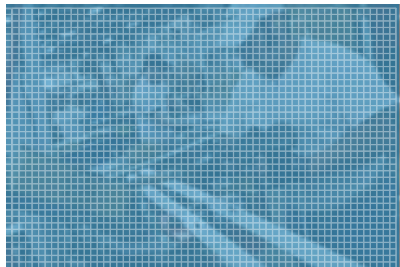

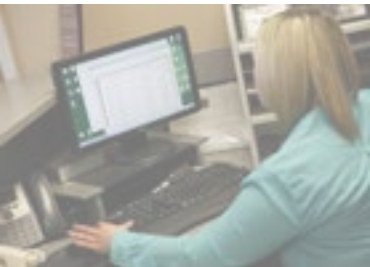

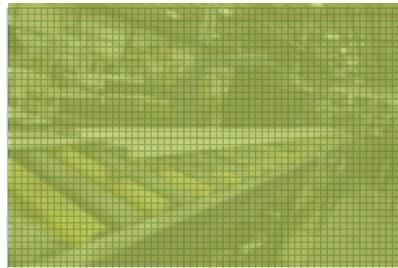

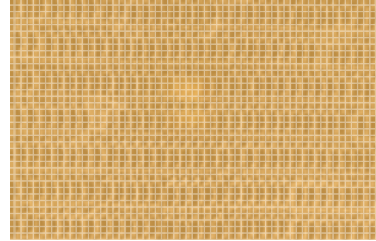

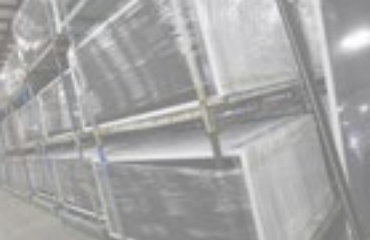

We are operating 24 hours a day to bring you the highest-quality products, streamlined ordering and peace of mind that you'll have the screens you need, when you need them. Our seamless quoting, ordering and personalized support are customized to your business so you can count on accurate sequential sorting and loading for efficient flow into your existing processes, advanced shipping notifications, labels to match your branding and convenient kit packaging for orders shipped to jobsites.

Quanex Screens Can Produce Up to 125,000 Window Screens and 22,500 Door Screens Daily
